Discover Somerset's Accessible Coast

Explore the King Charles III England Coast Path with our leaflets and interactive virtual tours to help you plan the perfect trip.

We've selected routes and paths to suit different needs, with details on surfaces, gradients, and local facilities like parking and toilets.

Each path is graded for accessibility, and you can preview the terrain with 360° videos before you set off, using the menu to jump to key points on the route that might affect your walk.

Plan ahead
at www.somerset.gov.uk/access-for-all or scan the QR code for full details on accessibility levels, mobility vehicles and terrain.

Check mobility scooter ratings
at www.gov.uk/mobility-scooters-and-powered-wheelchairs-rules/classes

Choose the path that's right for you...

1. **For all**
smooth, firm all weather surfaces at least 1.5m wide. Gentle slopes no more than 10% (1 in 10).

2. **For many**
good surfaces at least 1.2m wide with occasional softer or uneven ground. Slopes up to 12.5% (1 in 8). Class 2 scooters.

3. **For some**
more varied mixed surfaces at least 1.1m wide, including grass, stony tracks and soft or uneven ground. Slopes up to 20% (1 in 5). Heavy duty Class 3 scooters.

4. **For the adventurous**
narrow paths (800 mm+) with rough or muddy ground, and possible steep slopes up to 25% (1 in 4). You may need to go around pinch points or steep cross slopes. Use a Class 3 scooter designed to cope with this more rugged terrain and battery demand.

5. **For walkers**
very narrow paths (<800 mm), unstable surfaces like shingle, and barriers such as steps or stiles.

Stay safe and follow the Countryside Code

Check your equipment:
Make sure your mobility aids are suitable for the paths and trails you plan to use.

Stick to the path:
Avoid cliff edges and unstable ground.

Be tide-aware:
Watch for fast incoming tides and soft sand or mud on the shore.

Follow local signs:
Always read advisory notices and guidance.

Park responsibly:
Use designated parking areas only.

Control your dog:
Always keep dogs under control and in sight.

Clean up after pets:
Dispose of dog waste responsibly.

Leave no trace:
Put litter in bins or take it home with you.

Check tide times:
Before beach walks, check tide times to avoid getting cut off.

You can see the Countryside Code here **www.nationaltrail.co.uk/countrysidecode**

See local tide times here **www.bbc.co.uk/weather/coast-and-sea/tide-tables/12**

Watchet

A guide to accessibility on and around the King Charles III England Coast Path in Somerset

Note: scooters rated 'Not in a class' are not permitted on pavements or Public Rights of Way

In an Emergency Dial 999 or 112 and ask for the coastguard

This leaflet was funded by Natural England through the Protected Landscapes Partnership's Access for All programme

Watchet

Watchet is a vibrant coastal town with independent high street shops, a marina and Esplanade and the East Quay arts centre with exhibitions and artists' studios. There is a range of paths here and while pavements can be narrow, there is plenty to see.

The Coast Path comes into Watchet from the beach at Helwell Bay, crossing the cliff tops before passing through the town to reach the English Heritage site at Daw's Castle.

In the town there are several step-free routes exploring the older streets and buildings, while the route along the Old Mineral Line, parallel to the West Somerset Railway, was once used to bring iron ore from the Brendon Hills to the harbour in Watchet. The West Somerset Railway still runs in the summer season with heritage steam trains visible at several point on the routes shown here.

Note:- Pavements in Watchet can be narrow and in places there are none. Take care if you are using the road to walk or ride and be prepared to let cars pass on narrow roads.

KEY

Route categories:

1	Green		
2	Purple	2+	Purple/white dashed
3	Orange	3+	Orange/white dashed
4	Blue	4+	Blue/white dashed
5	Pink	+	indicates that in winter, or after heavy rain, the route will be more challenging.
